PROFESSIONAL EXPERIENCE

Program Coordinator

April 2024 – April 2025

ICNA Relief | Richardson, TX

- Expanded workforce opportunities by securing 10+ new partnerships through targeted networking and community engagement strategies
- Served as the primary liaison and managed all communications with employer partners, internal departments, and external stakeholders, driving a 30% increase in employer engagement and expanding workforce opportunities for program participants
- Evaluated program effectiveness by preparing monthly status reports and analyzing daily client metrics, optimizing data-driven strategies to achieve 100% placement and retention
- Oversaw program budgets for 150+ clients, providing financial guidance that resulted in 80-100% goal achievement and advanced client financial stability
- Supervised and coordinated daily workflows for program staff, managing schedules, monitoring performance, and ensuring timely delivery of services and reporting tasks
- Managed the implementation of the new ESL program serving 300+ clients, from planning through execution and compliance tracking

Employment Relations Coordinator

January 2023 – May 2023

Refugee Services of Texas | Dallas, TX

- Spearheaded the coordination of stakeholder meetings and collaborated with companies across the DFW area, securing strategic partnerships to expand program reach and boost outcomes by 40%
- Orchestrated weekly program goal-setting among the department, ensuring case managers met 100% of program goals within set timelines and strengthening the quality of client support services
- Led up to 5+ job readiness trainings each month, increasing program success rates by equipping 100+ clients with financial literacy and job-seeking strategies
- Designed and implemented 5+ data-tracking tools, promoting case manager efficiency and program reporting accuracy

Case Manager

February 2022 – December 2022

Refugee Services of Texas | Dallas, TX

- Managed seamless communication between 100+ clients and employer partners, improving program success rates by 40% through targeted outreach and relationship management
- Tracked and updated 400+ client records weekly across multiple databases, guaranteeing data accuracy and driving timely service delivery to clients
- Delivered individualized support to a diverse caseload of 100+ clients, maintaining consistent communication and proactive follow-up to guide them through each program stage and ensure successful career outcomes
- Trained newly hired case managers and improved onboarding efficiency by 25%

Research Assistant

September 2020 – May 2021

Southern Methodist University (SMU) | Dallas, TX

- Directed outreach to 100+ tribal communities in the U.S. to collect critical public health data and synthesized information across various languages and sectors from reports, government legislation, and news networks
- Developed geospatial visualizations using mapping tools and conducted multi-metric data analysis to produce detailed reports outlining key findings
- Supervised and trained a team of 20+ undergraduate volunteers, ensuring timely, high-quality data contributions while serving as the primary point of contact between the project lead and team members
- Built collaborative networks with Latin American NGOs to enhance international data-sharing and broaden the project's impact and visibility
- Co-authored the article [“Indigenous Sovereignty, Data Sourcing, and Knowledge Sharing for Health”](#) discussing the myriad impacts of COVID-19 on Indigenous Peoples, published in the Journal of Global Public Health
